WARNING: This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper.

This product has been formulated specifically for horses and is not intended for other species.

Caution: Follow label directions. The addition to feed of higher levels of this supplement containing added selenium is not permitted.

FEEDING DIRECTIONS:

Feed Summit Senior Texturized to horses that cannot eat hays/pastures due to poor teeth, age, or other health related problems.

Summit Senior Texturized is also an ideal ration for horses affected with a dust sensitive condition, such as heaves.

Feeding with forage: Offer the average adult horse 7-10 pounds of Summit Senior Texturized along with the equivalent amount of forage.

Feeding as a sole ration: Feed the average adult horse 17-20 pounds of Summit Senior Texturized per head per day (1.7 to 2% body weight). Offer hay to help relieve boredom. Adjust amounts depending upon body condition.

A constant supply of clean, fresh water is necessary for optimum results.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.
